REMARKS

**REFERENCE COPY****DO NOT CIRCULATE**

25X1X

1. On 6 March 1951, 42 PE-2s, three twin-engine semi-high-wing monoplanes and two fighters with in-line engines were stationed at the Goetzendorf airfield. Flying was not observed. Three trucks, two tank trucks and one radio truck were seen at the field. \*

2. There were no concrete runways or taxiways at the field. An administrative building, three small wooden buildings and two large temporary structures and a dilapidated wooden shed were seen at the field. \*\*

3. [redacted]

25X1B

4. In a period of three hours, 18 air force officers, the ranking officer being a lieutenant colonel, and 23 air force were observed leaving the commandatura in Goetzendorf. Ambulance [redacted] left the hospital in the direction of Vienna. \*\*\*

25X1B

25X1A [redacted] Comment. There has been no change in the occupation of the field since January 1951. The field is believed to be still occupied by a bomber regiment, probably the 161st Gds Bw Regt.

25X1A\* [redacted] Comment. For sketch of the field, see Annex. It seems that no construction work was carried out there after the war. The attached sketch is believed to be correct.

25X1A\*\* [redacted] Comment. According to available information, ambulance [redacted] belongs to a unit in Vienna-Aspern.
